

Leave the canteen in a clean state!

Please think of the following as the responsible party or as the cleaner:

- Make sure the floor, bar, counter, windows, cabinets, stove tops and fridges are clean. This encompasses at least using a cloth to clean the tables and bars and brooming and mopping the canteen floor.
- Clean any borrowed items, such as percolators, cups, plates, cutlery, air fryers, and standing tables.
- Close the windows, turn off the music and turn down Marietje/Thaliedje.
- Take out full trash bags and put new trash bags in the trash cans. The full bags ought to be brought to -2.
- Close the fridges and cabinets.
- Leave the deposit (statiegeld) items where they need to go.
- Clean the coffee/tea corner and turn of the machines.
- Throw the borrelkeys in the ‘tumor’.
- Always use your common sense. If there is something dirty, wrong, broken or otherwise requiring attention, but it is not listed here, this does not exonerate you from attending to it.
- If something is not clear please contact the Voorraadcie or Olympus.
